ULTIMATE COCKTAIL CHALLENGE 2011

April 5–8, 2011

ASTOR CENTER, NEW YORK CITY

The cocktails were mixed by handpicked, highly experienced bartenders, who carefully followed specific recipes chosen by Judging Chairman F. Paul Pacult, Assistant Judging Chairman Sean Ludford and UCC advisors Jim Meehan and Leo DeGroff. Only the freshest ingredients and the best mixers were used. The exact same recipe was used for each cocktail and all were carefully measured with jiggers. Expert judges, who were unaware of the identity of any of the entered spirits, evaluated how, for example, different gins performed in classic cocktails such as the Dry Martini, Gin & Tonic, Aviation and Negroni.

Spirits were judged on the 100-point rating system in multiple rounds. Spirits that scored highly in the first round went through to the second round where they were evaluated again by different panels of judges. The highest scorers from the second round were then forwarded to the final round where the highest scoring spirit in **each cocktail category** was awarded the coveted *Ultimate Cocktail Challenge Chairman's Trophy*.

These scores reflect only how well the spirits perform in these particular classic cocktail recipes. Getting a low score in this competition doesn't necessarily indicate that a spirit would perform poorly in other cocktails or when served neat.

In addition to the score, spirits are distinguished with the following Accolades, as a guide to consumers:

95-100 Extraordinary, Ultimate Recommendation

90-94 Excellent, Highly Recommended

85-89 Very Good, Strong Recommendation

80-84 Good, Recommended

A note on the icons:

 **Great Value:** indicates products with a favorable relationship between their price and final score.

 **Product Image:** to assist you with visual identification, we've included an image for each product evaluated. (Please note that age statements, vintages or label may vary slightly from the specific product evaluated but it represents a helpful portrayal of the brand.) *Click icon to view.*

Entered products that were scored below 80 points have not been included on the results page; Ultimate Beverage Challenge is dedicated to recognizing the best of the best, and that, in our opinion, begins with a score of 80 as being indicative of products of commendation and consumer worthiness.
